Dear Dr. Chou:

Thank you so much for your generous support of two East Los Angeles College students for the Spring semester 2024-25. Your Foundation's generosity truly makes a difference in the lives of ELAC students. Our college Financial Aid Manager, Ms. Lindy Fong, or her staff will contact you to help verify the enrollment units for each scholarship recipient.

Often times, scholarships are the difference between whether or not a person is able to complete a college education. The cost of fees, books and materials, and living expenses are daunting for many of our students who rely on financial aid, grants and student loans to help them achieve their educational goals. Once again, thank you for supporting the students of East Los Angeles College.

Sincerely,

A handwritten signature in blue ink that reads "Monte E. Perez".
